Try the interactive test

<https://app.aicnct.com/demo/live?hl=en>

1. Choose a requirement

Choose 24 V or 48 V and 2 or 12 units for the fictional VX-DEMO drive.

2. Change one constraint

Change the voltage or quantity. Review the cited fictional specification and prepare the request.

3. Review, then confirm

Check the exact request and the fixed fictional contact details. Press Confirm yourself.

4. See the test receipt

A successful submission returns a reference from AICNCT's internal test receiving system.

Fictional data. Real test-system receipt.

This demo sends only to AICNCT's internal test system. It does not contact a supplier, place an order, take payment or establish product suitability.

Live demo unavailable? Open the labelled recording. A recording is not a live receipt.
